

## **HEAT COOL PROS**

### **ENVIRONMENTAL POLICY**

#### **1. Policy Statement**

Heat Cool Pros recognises the importance of protecting the environment and is committed to conducting business in a responsible and sustainable manner.

We aim to minimise the environmental impact of our operations whilst continuing to provide high-quality services to our customers.

This policy applies to all employees, subcontractors and persons working on behalf of Heat Cool Pros.

All employees, subcontractors and persons working on behalf of Heat Cool Pros are expected to support the objectives of this policy and operate in an environmentally responsible manner.

#### **2. Our Commitment**

Heat Cool Pros is committed to:

- Complying with applicable environmental legislation and regulations.
- Preventing pollution wherever reasonably practicable.
- Reducing waste.
- Improving resource efficiency.
- Encouraging responsible environmental practices.
- Continually reviewing and improving environmental performance.

Heat Cool Pros will maintain awareness of relevant environmental legislation and seek to ensure compliance with all applicable legal obligations relating to its operations.

#### **3. Refrigerants and F-Gas Compliance**

As a business carrying out air conditioning, refrigeration and heat pump work, Heat Cool Pros recognises its responsibilities regarding refrigerants.

We will:

- Comply with applicable F-Gas Regulations.
- Use approved refrigerant recovery procedures.
- Minimise refrigerant emissions.
- Ensure recovered refrigerants are handled appropriately.
- Maintain relevant qualifications and registrations.
- Promote environmentally responsible working practices.

#### **4. Waste Management**

Heat Cool Pros aims to minimise waste generation and encourage responsible disposal practices.

Where reasonably practicable we will:

- Recycle suitable materials.
- Segregate waste streams where appropriate.
- Use licensed waste disposal facilities where required.
- Dispose of hazardous materials responsibly.
- Comply with waste management legislation.

Any environmental incidents, accidental releases, spillages or pollution events shall be reported and managed appropriately to minimise environmental impact and comply with applicable legal requirements.

#### **5. Energy and Resource Use**

We will seek to:

- Reduce unnecessary energy consumption.
- Use resources efficiently.
- Minimise unnecessary travel where practical.
- Reduce paper usage through electronic records and documentation where appropriate.

#### **6. Materials and Procurement**

Where reasonably practicable, Heat Cool Pros will seek to:

- Purchase quality products with appropriate environmental credentials.
- Work with responsible suppliers.
- Reduce unnecessary packaging waste.
- Promote repair and maintenance where appropriate.

#### **7. Vehicles and Transport**

Heat Cool Pros will seek to reduce environmental impact associated with travel by:

- Planning journeys efficiently.
- Maintaining vehicles appropriately.
- Reducing unnecessary journeys where practical.

#### **8. Training and Awareness**

Heat Cool Pros will encourage awareness of environmental responsibilities and promote environmentally responsible working practices throughout the business.

#### **9. Monitoring and Review**

This policy will be reviewed periodically and updated where necessary.

Heat Cool Pros is committed to continual improvement and responsible environmental management.
